

# Finfish Silver

## 40% Protein, 10% Fat

**Zeigler Finfish Silver** is an economical fishmeal-based diet formulated to feed a variety of omnivorous and piscivorous aquatic animals with moderate protein requirements. This diet provides a highly digestible, low pollution option for many applications including ponds, recirculation systems or flow-through raceways.

**Pellet Sizes:** 3.0 mm and larger

**Pellet Type:** Floating/Slow-Sinking

**Packaging:** bags, super sacks and bulk

Contact a Zeigler representative for specific pellet sizes and packaging information.

### Features & Benefits

- Ingredient selection based on true finfish digestibility testing.
- Balanced amino acid profile.
- Phosphorus levels below 1.12%.
- Protein sparing reduces nitrogen discharge and improves profits.
- Meets FDA requirements regarding restrictions on mammalian protein sources.

### Product Application & Storage

- Feed should be offered as consumed. Overfeeding will lead to reduced water quality and reduced profits.
- Best if used within six (6) months from date of manufacture (when stored properly).
- Store in a cool, dry area, away from direct sunlight. Rotate stock to use oldest first (first in, first out principle).

### Guaranteed Analysis

Crude Protein	Minimum	40%
Crude Fat	Minimum	10%
Crude Fiber	Maximum	4%
Moisture	Maximum	12%
Ash	Maximum	8%
